Delaware Investments U.S Large Cap Growth Fund - Class F USD (Accumulating)

a sub-fund of Macquarie Collective Funds plc

ISIN-Code: IE00B29Q9V65

Objectives and Investment Policy

The fund's goal is to grow its value over the long-term.

The focus of the fund's investments is on equity securities (shares and other similar instruments) of large U.S. companies, the value of which is expected to grow faster than the U.S. economy. Further details of other categories of investments that the fund may make are set forth in the fund supplement and the section of the prospectus entitled, "Further Information On The Securities In Which The Funds May Invest."

The investment manager will seek to select securities it believes to exhibit potential for sustained above average growth and profitability.

This class does not pay you any income and the net asset value of this class reflects net income.

You may sell your shares on demand on any day (except for Saturday or Sunday) that retail banks are open for business in Dublin and the New York Stock Exchange is open.

Risk and Reward Profile

The risk indicator is based upon historical data and may not be a reliable indication for the future risk profile of the fund. The risk category shown is not guaranteed and may shift over time. The lowest category does not mean a "risk free" investment.

The fund is in risk category 5 as it primarily invests in the

equity securities of large U.S. companies which appear to have above average growth potential compared to the U.S. economy.

The fund is subject to the following risks which may not be adequately captured by the indicator:

- The value of shares may fall as well as rise, and you may not receive back the amount invested.

For a more detailed explanation of the risks, please refer to the fund supplement and the "Risk Factors" section of the prospectus.

Charges

One-off charges taken before or after you invest:

Entry charge	None	
Exit charge	Up to 1% within 90 days	
Anti-Dilution Levy	Entry charge	Up to 2%
	Exit charge	Up to 2%

This is the maximum that might be taken out of your money before it is invested or before the proceeds of your investment are paid out.

Charges taken from the fund over a year:

Ongoing charge	1.70 %
-----------------------	--------

Charges taken from the fund under certain specific conditions:

Performance fee	None
------------------------	------

The charges you pay are used to pay the costs of running the fund, including the costs of marketing and distributing it. These charges reduce the potential growth of your investment.

The entry and exit charges shown are maximum figures. In some cases you might pay less. You can find this out from your financial adviser.

The ongoing charges figure is based on expenses for the year ending 31/12/2017. This figure may vary from year to year. It excludes portfolio transaction costs incurred when buying or selling investments for the fund.

On certain sales or repurchases, an anti-dilution levy may be applied to cover the dealing costs of the fund. This charge will be retained by the fund. A conversion charge of up to 5% may be payable on conversions of shares between funds.

For more information about charges, please see the fund supplement and the "Fees and Expenses" section of the prospectus.

Past Performance

Past performance is not a reliable indicator of future results. Past performance takes account of all charges and costs.

The fund began issuing shares on 24/12/2007.

The past performance is calculated in USD.
